Mattings, Wall Papers, Mattresses, Etc., Etc., Etc.  
COFFINS MADE AT SHORT NOTICE.

## A Printed Letterhead

Adds distinction or "class" to your correspondence. It isn't only the business firm or professional man who now raises his correspondence above the mediocre through aid of the printer's art. Just your name and address in neat lettering at top or corner of the sheet will add an individual touch that at once raises your letter above the dead level of "ordinary". The additional cost per letter is trifling. But of course much depends on the printing.

**Maui Publishing Company Limited**  
"Quality Printers"

N.B.—We have just received some fine new faces suited to letterhead work.

## OUR ISLAND CONTEMPORARIES

Pineapples were "in the soup" at the Ad Club luncheon, which we hope will help to get the pineapple growers out of the "soup."—Kohala Midget.

There is food for thought in the statement made by Rev. John Wadman to the Hilo High school students that the leaders in the prohibition movement today are not "long haired men"

or "short haired women," but big business managers, railway directors, labor employment bureaus and life insurance companies." When once it is entirely true that the professional reformers have been replaced as leaders in the prohibition movement by statesmen, educators and business men, the liquor traffic will be doomed beyond all recall.—Hilo Tribune.

### On the Other Islands

**Japanese Want Special Police.**  
The Japanese community of Honolulu proposes employing special policemen to patrol their sections of the city, on account of the large number of burglaries and other crimes which have occurred recently, and which it is claimed the regular police force is unable to prevent.

**Wireless Direct From Germany.**  
The Federal Wireless station operators, on Oahu on Monday afternoon picked up a number of messages sent out from Nauen, Germany, near Berlin. The messages were being sent to German representatives in the United States, but were heard with perfect distinctness at the Oahu station, after they had traveled some 9000 miles.

The passengers of the big Hill liner, Great Northern, on its first regular trip, will be given a great reception both at Hilo and in Honolulu. The vessel was due to reach the Big Island capital at noon today, and will sail for Honolulu at midnight tonight, after the passengers have had an opportunity to see the volcano. The Ad Club will meet the boat at the Honolulu wharf and act as guides. Dances and other forms of entertainment have been arranged.

**Plague on Hawaii.**  
Two deaths from bubonic plague are reported from the island of Hawaii. One case was at Pauilo and the other at Pauhau. Both patients were Portuguese. Diseased rats have been found at both localities.

**Hilo Man Lost in War.**  
Dr. G. D. Hindley, who was a practicing physician at Hilo for two years before the war began, lost his life two months ago in the Dardanelles zone, when he was drowned on a British transport which struck a mine and sank, carrying hundreds to their deaths, according to official notification which has been received at Carpinteria, Cal., by relatives.

**Unripe Oranges Seized.**  
Twenty-five cases of California oranges have been seized by the federal authorities under the food and drugs act, as being unfit for food. The shipment was made to Hilo, and it is claimed the fruit was picked green and artificially colored.

**Queen Selects Wedding Gift.**  
Queen Liliuokalani last week selected for the Daughters of Hawaii, a beautiful tapa chiffon scarf which is to be presented to Mrs. Norman Galt, on the occasion of her marriage to President Wilson. The presentation will probably be made by Delegate Kalaniana'ole or by Princess Kawanaka. The gift will be forwarded in a beautiful koa box, bearing the Hawaiian coat of arms.

**Chinese Dies From Wounds.**  
Lai Hip, a prominent Chinese merchant of Hilo, died on Thursday of last week from the effects of several bullet wounds inflicted by another Chinese, Leong Wah Chong. The shooting occurred on the 19th of November. It is said that the murderer was formerly an inmate of the insane asylum. The dead man had been a resident of the islands for many years, and leaves a family. His son, W. A. Hip, was a resident of Wailuku until recently, being a member of the loan fund office force.

### Those Who Travel

**Arrived.**  
By str. Mauna Kea, Dec. 1.—Wm. Green, C. D. Desky, R. H. Trent, Wm. Searby, H. Schultz, G. W. Greene, M. S. Hammon, J. Develer, R. K. Purdy, Miss M. Borg, G. T. McIntyre, Mrs. Richards, Miss M. Canario.

First Suburban—How do you get so many eggs?  
Second Suburban—I treated my hens so unscientifically they're all laying for me—Harvard Lampoon.

### CORRESPONDENCE.

#### FREELAND ON THE MOVIES PROBLEM.

Editor Maui News:—Your article on reforming the Movies in the issue of Nov. 26, 1915, and the statement from the Friend, show that local interests are beginning to realize the great moral and educational value of moving pictures, and while the press and pulpit think the Movies need reforming, it is a fact that the public needed it more.

Indian and Cow Boy Stuff no longer draw the crowd with the possible exception of the boy in the front row, and even the youngster who often gets a nickel from a generous papa is getting tired of it.

The public now wants something good, they started in on rough stuff, then sensational, now they want Features which have merit, artistic setting, and played by stars of ability and repute.

The management of all well regulated theatres have noticed this, and changed their service accordingly, but film manufacturers are not so fortunate and are now puzzled to know just what to do, everything seems to have been pictured, so much so that large sums are now paid for an idea and at present in one of the pictures running at local theatres, there are \$10,000 offered for a mere suggestion. The Friend might profitably start right here, it might be a great opportunity to reform the whole world.

Very few demoralizing films are now shown at any theatre for the simple reason that the public don't want to see them. The National Board of Censors, a group of men composed of several hundred of America's foremost educators and men of affairs have passed on the majority of the films now offered, and their approval carries with it the guarantee that it is of a moral and educational value with no demoralizing influences and fit to be exhibited any day in the week. From the foregoing it would appear that the influence on the public of moving pictures has been for good, with still further opportunities to make the body politic, cleaner and better, and is it not some what strange that an institution with these possibilities should only be allowed to operate on week days by our County fathers? It is only recently that a very learned Maui Divine publicly made some very inappropriate remarks about the influence of the moving pictures. With the record that this class of amusement has for reforming the public, lessening the excessive use of intoxicants and its attendant evils, it is probable that in a few years he will wonder how he could have made such a mistake.

To show that my heart is in the right place, and to help the Friend out in its campaign of reform, I will give the use of the Pioneer Theatre of Lahaina free of charge, also pay the operator and for the electric lights, for four consecutive Sundays, to any person or committee of persons who think they can reform the Movies or reform the public.

Yours truly,  
GEORGE FREELAND.  
Lahaina, Nov. 29, 1915.
